SUMMARY

Motivated Software Developer with hands-on experience in Python, Flask, JavaScript, React.js, SQL, HTML, and CSS. Experienced in developing full-stack web applications, building backend functionality, working with databases, and creating responsive user interfaces. Strong problem-solving skills with a willingness to learn new technologies and contribute to software development teams.

EDUCATION

B.Sc., Information Technology

2022 – 2025

KPR College of Arts Science and Research, Coimbatore | CGPA: 7.7

WORK EXPERIENCE

Full Stack Developer Intern

Aug 2025 – Jan 2026

Besant Technologies, Bangalore

- Gained hands-on experience in Python Full Stack Development using HTML, CSS, JavaScript, Bootstrap, React.js, Python, Flask, SQL, REST APIs, and AWS.
- Developed Poster-Pop, a Python-based full-stack e-commerce web application using HTML, CSS, JavaScript, Python (Flask), SQL, and REST APIs, implementing dynamic functionality, database integration, and CRUD operations.
- Used Git and GitHub for version control, and worked with VS Code, MySQL Workbench, Jupyter Notebook, Microsoft Word, and Excel for software development, database management, documentation, and project activities.
- Deployed the Poster-Pop application on Render and strengthened problem-solving, debugging, teamwork, leadership, adaptability, and time-management skills.

PROJECTS

Poster-Pop – Full-Stack E-Commerce Web Application

Python, Flask, SQL, JavaScript

- Developed a full-stack e-commerce web application using Python, Flask, SQL, HTML, CSS, and JavaScript.
- Implemented backend functionality using Flask for routing, form handling, and database operations.
- Designed SQL database integration to store and manage customer and application data efficiently.
- Deployed the application using Render and AWS for reliable hosting and accessibility.

Gaming Hub – Cross-Platform Web Application

HTML, CSS, JavaScript

- Developed a browser-based gaming application using HTML, CSS, and JavaScript.
- Implemented interactive game functionality using JavaScript, DOM manipulation, and event handling.
- Created responsive interfaces for a consistent experience across desktop and mobile devices.
- Organized multiple games into separate modules for better code structure and maintainability.

TECHNICAL SKILLS

Programming Languages: Python, JavaScript, SQL, HTML5, CSS3

Core CS Fundamentals: Data Structures & Algorithms, Object-Oriented Programming (OOP), DBMS, Operating Systems, Computer Networks

Frameworks & Libraries: React.js, Flask, REST APIs, Bootstrap

Databases: MySQL, Relational Database Design

Cloud & Tools: AWS, Excel, Microsoft Word, Render, Vercel, Git, GitHub, VS Code

CERTIFICATIONS

- Advanced Certification in Full Stack Development with Python — E&ICT Academy, IIT Guwahati (in association with Besant Technologies)
- UI/UX Developer Certification (First Class) — L&T EduTech
- Amazon Web Services (AWS) Training — Besant Technologies
